### **April Builder Theme: I am a builder when I am utterly reliable**

We are in the fifth and final term of the year. Can you believe that? The fifth and final term of the year! Time really does fly when you're working hard and having fun! It is so satisfying to look back at the school year and see how far each of our students have come—both in academics and in character development. We hope you have noticed and applauded your children as they have made efforts to be builders in the ways they are being taught. As they have put forth sincere effort, they have grown and changed and will continue to grow and change, becoming remarkable, wonderful people who are prepared to make a difference in the world. Many of you have taken the builder themes and incorporated them into your homes. You have seen the positive changes that come as your children—and you—have made efforts to work on these qualities. So far this year, our students have learned about being a builder by:

Building with Enthusiasm  
Being Perfectly Honest  
Expressing Gratitude through Word and Deed  
Kigatsuku-Looking for Ways to Help  
Working diligently  
Befriending Others  
Willing to try and believe in my ability to succeed  
Using kind and courteous words

This month, we will be talking to the students about being utterly reliable—being a person that others can depend upon completely. Please encourage your students as they try to become builders in this important way. Notice their efforts and praise them when they follow through with what they say they *will do*.

### **Box Tops**

## **ELEMENTARY NEWS (K-6)**

### **Academic Update – End of Year Testing:**

We are nearing the end of the school year and we are so excited for the upcoming Summer Break!

During these last few weeks, it's critical that your student(s) be in school as much as possible as we will be using this time to complete our State Testing as well as our In Program assessments to determine if students reached mastery on their homeroom curriculum.

The Testing Schedule is subject to change however, below you will find the Elementary Testing for the remainder of the year:

May 7<sup>th</sup>-May 11<sup>th</sup>: MAPS Testing (Kindergarten-3<sup>rd</sup> Grade)

May 14<sup>th</sup>-18<sup>th</sup>: Placement Testing for Reading Groups (Kindergarten-6<sup>th</sup> Grade)

May 21<sup>st</sup>-25<sup>th</sup>: ACT Aspire Testing (4<sup>th</sup>-6<sup>th</sup> Grade)

May 21<sup>st</sup>-25<sup>th</sup>: Placement Testing for Math Groups (Kindergarten-6<sup>th</sup> Grade)

May 28<sup>th</sup>-June 1<sup>st</sup>: Core Knowledge Testing (1<sup>st</sup>-6<sup>th</sup> Grades)

Students planning to return to APA next year must complete their Core Knowledge Testing and their Placement Testing so they can be placed in reading/math/spelling groups for the 2018-19 school year.

With our many weeks off and the summer break approaching, we truly appreciate your support in having your students attend school while it is in session, especially as we work to complete our testing for the upcoming school year.

## **SECONDARY NEWS (7th-12th Grade)**

### **IMPORTANT ANNOUNCEMENT REGARDING STATE TESTING:**

End of year assessments are upon us! Students at American Prep are assessed throughout the year in both homeroom classes and achievement-leveled groups. At the end of the year, two kinds of assessments are given: assessments required by the state of Nevada and assessments required by American Prep to make ensure students have reached the academic levels required to promote to the next grade.

The Charter School District requires us to administer the ACT Aspire. Secondary students are also required to take the Math 1, Math 2, ELA 1, ELA 2, and Science End Of Course exams as a graduation requirement. Students enrolled in AP course will have an opportunity to take their AP exams next week. Tests will be administered between **May 7<sup>th</sup>-May 18<sup>th</sup>** depending on grade level.

If your student must be absent from school during these tests, please speak to your students' teachers about exact times and dates and plan accordingly as to make these tests up. No absences during this time will be approved by administration. **Please make sure students are getting to sleep early so they are well rested and that each morning they are eating a good breakfast.** These are a few things you can do at home to help your students be successful.
